

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 150277 §
issued to DEBRA SUE HAMLETT § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of DEBRA SUE HAMLETT, Vocational Nurse License Number 150277, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on November 4, 2007, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

- 1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from McLennan Community College, Waco, Texas, on August 19, 1994. Respondent was licensed to practice vocational nursing in the State of Texas on October 31, 1994.
5. Respondent's vocational nursing employment history includes:

10/1994 - 03/2001 Unknown
04/2001 - 02/2003 Staff Nurse Henderson Memorial Hospital
Henderson, Texas

Respondent's vocational nursing employment history continued:

03/2003 - 09/2005	Unknown	
10/2005 - 02/2006	Staff Nurse	Overton Healthcare Center Overton, Texas
02/2006 - Unknown	Staff Nurse	Southwood Nursing and Rehabilitation Center Henderson, Texas

6. At the time of the initial incident in Finding of Fact Number Seven (7), Respondent was employed as a Staff Nurse with Southwood Nursing and Rehabilitation Center, Henderson, Texas, and had been in this position for five (5) months.
7. On or about July 12, 2006, while employed as a Staff Nurse with Southwood Nursing and Rehabilitation Center, Henderson, Texas, Respondent failed to appropriately and timely assess, evaluate, and intervene regarding the care of Resident BB, who had a change of condition, with weakness. When Respondent assessed the resident at 0945 hours she failed to obtain an oxygen saturation level, assess lung sounds, assess for cyanosis and capillary refill, assess the quality of the resident's respirations, and assess bowel sounds; consequently, Respondent may have not adequately communicated the resident's status when she notified the physician of the resident's change in condition. Although the resident was receiving medication to treat diabetes, Respondent failed to obtain and assess the resident's blood sugar to determine if it was abnormal, which could have resulted in, or contributed to, the resident's weakness. Respondent failed to periodically reassess the resident throughout her shift for further changes of condition. Four (4) hours after Respondent's shift ended, it was determined that the resident's oxygen saturation level was 88% and she was noted to have mottling of the hands, a symptom that can indicate impending death. The resident expired the next morning. Respondent's conduct may have contributed to the resident's subsequent demise.
8. On or about July 12, 2006, while employed as a Staff Nurse with Southwood Nursing and Rehabilitation Center, Henderson, Texas, Respondent failed to document in the medical record that she administered Megace, a medication to stimulate appetite, and Glucator, an antidiabetic medication, to the aforementioned Resident BB at 1600 hours, as scheduled. Respondent's conduct resulted in an inaccurate, incomplete medical record and was likely to injure the resident in that subsequent care givers would rely on her documentation in order to provide further care.
9. In response to the incident in Finding of Fact Number Seven (7), Respondent states that she documented a change of condition in the medical record of Resident BB and notified the physician and the responsible party of the changes. Respondent states that she recalls that Resident BB showed a general weakness, which she believed to be excessive, and states that the resident's vital signs were stable, that she was responsive and answered questions appropriately, and that she seemed to be weaker than would be expected regarding her current medical condition.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B), (1)(D),(1)(M)&(2)(A) and 217.12(1)(A),(1)(B)&(4).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 150277, heretofore issued to DEBRA SUE HAMLETT, including revocation of Respondent's license to practice vocational nursing in the State of Texas.
