

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Registered Nurse § AGREED
License Number 606250 §
issued to ROBERTA JULIE ECKERT § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ROBERTA JULIE ECKERT, Registered Nurse License Number 606250, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on February 17, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice professional nursing in the State of Texas.
4. Respondent received an Associate Degree in Nursing from Trinity Valley Community College, Kaufman, Texas, on May 1, 1994. Respondent was licensed to practice professional nursing in the State of Texas on July 11, 1994.
5. Respondent's professional nursing employment history includes:

1994 - 1997	Unknown	
1998 - 2004	Charge Nurse	Medical City Dallas Hospital Dallas, Texas

Respondent's professional nursing employment history continued:

08/2002 - 2004	Agency Nurse	NurseFinders Tyler, Texas
11/2004 - Unknown	Registered Nurse (RN) Staff Nurse	Continue Care Hospital Tyler, Texas

6. At the time of the incident, Respondent was employed as an RN Staff Nurse with Continue Care Hospital, Tyler, Texas, and had been in this position for one (1) year and one (1) month.
7. On or about December 2, 2005, while employed with Continue Care Hospital, Tyler, Texas, Respondent failed to accurately administer medication to Patient Medical Record Number 9829 3132 5334, as ordered by the physician, which resulted in the patient receiving an excessive dose of Versed 27 mg intravenously in a time span of less than thirty (30) minutes. Subsequently, a change in the patient's condition necessitated that the patient be placed on a ventilator for respiratory support. Respondent's conduct exposed patient unnecessarily to the complications of severely compromised respiration.
8. In response to the incident in Finding of Fact Number Seven (7), Respondent admits to having administered the Versed within the time period of thirty (30) minutes, stating that she believed it was an antibiotic which had not infused properly and that she reset the infusion rate on the infusion pump. According to Respondent, the patient was receiving a Fentanyl drip at the same time, and the Versed was neither labeled nor in a locked box, as was the Fentanyl. At the time of the incident, Respondent indicates that the patient was being weaned off the ventilator, but following the incident, the patient stayed on the ventilator until the effects of the Versed had passed. Respondent states that the physician was notified and instructed Respondent to monitor the patient closely and to report any changes.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(A),(1)(B), (1)(C)&(1)(M) and 217.12(1)(A),(1)(B)&(4).
