

BEFORE THE TEXAS BOARD OF NURSING

In the Matter of Vocational Nurse § AGREED
License Number 50147 §
issued to ELIA RODRIGUEZ KELLY § ORDER

On this day the Texas Board of Nursing, hereinafter referred to as the Board, considered the matter of ELIA RODRIGUEZ KELLY, Vocational Nurse License Number 50147, hereinafter referred to as Respondent.

Information received by the Board produced evidence that Respondent may have violated Section 301.452(b)(10)&(13), Texas Occupations Code. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order offered on June 29, 2008, by Katherine A. Thomas, MN, RN, Executive Director, subject to ratification by the Board.

FINDINGS OF FACT

1. Prior to the institution of Agency proceedings, notice of the matters specified below in these Findings of Fact was served on Respondent and Respondent was given an opportunity to show compliance with all requirements of the law for retention of the license.
2. Respondent waived representation by counsel, informal conference, notice and hearing, and agreed to the entry of this Order.
3. Respondent is currently licensed to practice vocational nursing in the State of Texas.
4. Respondent received a Certificate in Vocational Nursing from Texas Southmost College of Vocational Nursing, Brownsville, Texas, on August 31, 1971. Respondent was licensed to practice vocational nursing in the State of Texas on October 27, 1971.
5. Respondent's vocational nursing employment history includes:

1971 -1972

Medication Nurse/
Charge Nurse

Mercy Hospital
Brownsville, Texas

Respondent's vocational nursing employment history continued:

1/1973 -12/2005	Staff Nurse	Christus Spohn Hospital Corpus Christi, Texas
-----------------	-------------	--

1/2006 - Present	Unknown	
------------------	---------	--

6. At the time of the initial incident, Respondent was employed as a Staff Nurse with Christus Spohn Hospital, Corpus Christi, Texas, and had been in this position for thirty-two (32) years and ten (10) months.
7. On or about November 5, 2005, while employed as a Staff Nurse with Christus Spohn Hospital, Corpus Christi, Texas, Respondent falsely documented assessment of the lung and bowel sounds of Patient SH0000770170. The patient had been transferred to the floor from the Intensive Care Unit status post craniotomy, and although Respondent documented the patient's lung and bowel sounds, she did not have a stethoscope during the assessment, as required in order to assess a patient's lung and bowel sounds. Additionally, Respondent failed to document the patient's neurological assessment. Respondent's conduct resulted in an inaccurate and incomplete medical record, and was likely to injure the patient in that subsequent care givers would not have complete information on which to base their care decisions.
8. On or about November 21, 2005, while employed as a Staff Nurse with Christus Spohn Hospital, Corpus Christi, Texas, Respondent failed to ensure that Insulin was administered to Patient SH0000769377 or notify a physician, as ordered, when the patient's blood sugar exceeded 400. Three (3) hours later, the patient still had not received the Insulin and the physician still had not been notified. Respondent's conduct was likely to injure the patient from adverse reactions due to untreated elevated blood sugar levels.
9. On or about December 7, 2005, while employed as a Staff Nurse with Christus Spohn Hospital, Corpus Christi, Texas, Respondent failed to administer Tylenol to Patient SH0000775356, as ordered for the patient's fever. The patient was also experiencing respiratory difficulty and was soiled with feces. Respondent's conduct was likely to injure the patient from adverse reactions due to untreated hyperthermia.
10. In response to the incidents in Findings of Fact Numbers Seven (7) through Nine (9), Respondent states she assessed the status post craniotomy patient for strength, balance, respiratory sufficiency, and asked the patient about his ability to pass gas and his last bowel movement while helping him move from the wheelchair to the recliner. Respondent admits that she did not document the neurological assessment because she forgot due to hurried charting that day. Regarding the patient with elevated blood sugar, Respondent states that she reported the elevated blood sugar reading to the Registered Nurse (RN) in charge and waited for the RN to contact the physician for orders. Respondent reports she checked back with the RN several times during the rest of the shift, and when she gave report to the on-coming shift, the patient was still awake, oriented, and asymptomatic. Regarding the patient with fever, Respondent states that the patient had been febrile since admission and that she was waiting for the lab to come draw blood cultures before administering the Tylenol.

CONCLUSIONS OF LAW

1. Pursuant to Texas Occupations Code, Sections 301.451-301.555, the Board has jurisdiction over this matter.
2. Notice was served in accordance with law.
3. The evidence received is sufficient to prove violations of Section 301.452(b)(10)&(13), Texas Occupations Code, and 22 TEX. ADMIN. CODE §§ 217.11(1)(B),(1)(C), (1)(D)&(2)(A) and 217.12(1)(B),(1)(C)&(6)(A).
4. The evidence received is sufficient cause pursuant to Section 301.452(b), Texas Occupations Code, to take disciplinary action against Vocational Nurse License Number 50147, heretofore issued to ELIA RODRIGUEZ KELLY, including revocation of Respondent's license to practice vocational nursing in the State of Texas.

ORDER
